

Private Equity International (PEI) is the leading financial information group dedicated to alternative assets globally - private equity, real estate and infrastructure. We provide news, intelligence and insight of the highest value to the private equity industry globally in a number of different formats.

Our market-leading publications include Private Equity International while our 20 annual agenda-setting conferences attract the industry's top players from across the world. We host three news websites, publish a library of over 20 books and directories and have a fast-growing online data business.

## REALDEALS »EUROPE

Cost -efficiency, innovation in design and coverage are the hallmarks of Real Deals. We offer the most cost effective subscription to allow our subscribers to track the market. As

UK & European private equity and venture capital enters its toughest period Real Deals is proud to bring you the following new products for 2009.

Events: LP seminar and cleantech seminar. An expanded editor's dinner series including 8 UK buyout dinners, 5 VC dinners and 1 European mid-market dinner. On February 23<sup>rd</sup> we will launch [www.realdeals.eu.com](http://www.realdeals.eu.com) v.2.0. The website will be among the most sophisticated on the web and includes the Done Deals database. All this will accompany our existing fortnightly magazine, sector reports, the UK Awards Dinner and the European Private Equity Awards in partnership with the EVCA to create a package that offers the widest breadth of coverage for the industry.
